

Honorable Judge Robert Drain,

My name is Lenville Adkins.  
I retired from Delco Moraine/Delphi (UAW)  
after 33 years of service. I retired under  
G.M.

My mother-in-law is 91½ yrs old  
and lives with me. She is insured  
under my health care plan with G.M.  
She is a sponsored dependent with  
only prescription and Anthem as  
secondary insurance. Her coverage  
is not free. The premium per  
month is \$390<sup>00</sup>. It is taken  
out of my pension check. This  
was not costing G.M. Her health  
care coverage is being cancelled Oct 1.

My mother-in-law will not be  
able to get insurance anywhere. She  
is a diabetic and in remission from  
having Non Hodgkins Lymphoma last  
summer. She takes 13 medications.

I understand making concessions but  
cancelling a 91 yrs old insurance for  
no reason. I just can't understand  
this. I am hoping you can let  
me know the reason behind this.

My mother-in-law has no assets, never  
owned a home. The only coverage now  
is her Medicare Insurance. Her only income

is her Social Security Check, I guess there's going to be alot more people going on welfare because of The cancellation of coverage. I suppose certain ones were weeded out because of the cost therefore they will now be a burden on the government.

I hope you review this being granted in Y.M's bankruptcy. I am hoping you will review this and give the dependent back their coverage. Will you please respond to me?

My mother-in-law still mops the floor on hand and knees, walks without a walker or cane. She still cans fresh vegetables from the garden. She is not an invalid.

Thank You  
Lenville P. Adkins
